My health Record-Why & What

My Health Record

Australian Government

Australian Digital Health Agency

My Health Record

National Digital Health Strategy

Priority Activities 2018 - 2022

Health
information
that is available
whenever and
wherever it is
needed

Health
information
that can be
exchanged
securely

High-quality
data with a
commonly
understood
meaning that
can be used
with
confidence

Better
availability
and access to
prescriptions
and medicines
information

Digitally
enabled
models of care
that improve
accessibility,
quality, safety
and efficiency

A workforce
confidently
using digital
health
technologies to
deliver health
and care

A thriving
digital health
industry
delivering
world-class
innovation

The current state

- 2-3% (230K) admissions from medication errors costing \$1.3 billion annually
- 17% pathology and radiology tests are duplicated
- 20% of medical errors are due to incomplete patient administration / admission information
- 50% of nurses' working hours are spent on administration and paper work

My Health Record

A secure, legislated, patient-controlled, electronic summary of an individual's key health information, able to be accessed by authorised individuals and registered healthcare providers involved in a person's care anywhere in Australia at any time.
